RULING ON ENTITLEMENT¹

On August 12, 2022, John Schoonveld filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner filed an amended petition on January 8, 2024. ECF No. 35. Petitioner alleges that he suffered Guillain-Barré Syndrome (“GBS”) that was caused in fact by the influenza (“flu”) vaccine he received on October 19, 2021. Amended Petition at 1, 23. Petitioner also alleges that he received the flu vaccine within the United States, that he suffered the residual effects of his GBS for more than six months, and that neither he nor any other party has filed a civil action or received compensation for his GBS. *Id.*

at ¶¶ 2, 36-39. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On May 6, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes "that [P]etitioner has satisfied the criteria set forth in the Vaccine Injury Table ("Table") and Qualifications and Aids to Interpretation ("QAI")." *Id.* at 9.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.
